Substitutions in the George Washington-Fordham Game: George Washington: Berkowitz for Lopeman; Clements for Gates.

Fordham: McMahon for Gripp, Tracey for Cannella, Walsh for Politts, Smith for Hurley, Baut for Cullen, Chiros for Dallaire, Schully for Siana, Kloppenberg for Wisniewski, Healey for Beloin, Miskinis for Foley, Dallaire for Chiros, Siana for Scully, Wisniewski for Kloppenberg, Gripp for McMahon.

All of which shows that the Iron Men are doing business at the old stand. Two substitutions made in a game where a much stronger team would gladly have used two teams.

According to reports brought back from the game, the three touchdown victory came only after a hard struggle on Fordham's part, and after George Washington had caused the Fordham first team to play its hardest throughout all but seven minutes of the game. And we hear that Fordham originally intended to play the second team sixty minutes instead of seven so as to rest the first team for their game next Saturday.

They also tell of members of The Hatchet staff, who drove all night in order to be present when the opening whistle shrilled. It seems that these youths were so sleepy when they washed up before going out to the game that one of them used a bath rug for a face towel.

Not content with that, however, they saw the game, took in a show, and then went to their fraternity dance. Then, at two in the morning, they really started out to see the town. Travel, according to Aesop, broadens one's mind.

The University Committee on Student Life authorizes the Interfraternity Prom, the Pan-Hellenic Prom, and the Junior Prom to continue from ten in the evening to two in the morning. Other University affairs must close promptly at one. This concession may do something toward preventing infractions of the one o'clock rule, which are more or less common.

And anyway, Mr. or Miss or Mrs. Committee, we thank you for that extra hour of sleep before the dance, and that extra hour afterwards.

The Cherry Tree next year must be careful to get photographs of all graduates, too, for that matter. Luther Rice, who was largely instrumental in founding Columbian College, didn't have a photo taken, and The Hatchet is forced to run a silhouette of him. And silhouettes always make a page black. Young hopefuls, take warning.

Has the ink dried on the Neophytes listed for the several fraternities, and published within these pages, until the open season is on for sororities. And in the near future, after innumerable teas and luncheons, there will come the period of silence (thank heaven for that) and then the kissing and the "howlers." Oh, it's a great life.

To prove to adoring mothers that college is not all cokes at drug stores, and fraternities and sororities, and activities, they all attended class with their daughters yesterday. So far, we haven't heard of one's being called on by mistake, but think of what a tragedy would have ensued if such a thing had happened.

The professor might die of heart failure because she answered correctly. And we don't want to lose good faculty members.

Some George Washington men are official scorers of the world series. After he gets through that job, he can come around and help us count the touchdown we ring up against Penn State and Catholic U. this year.

For those who can't go to Easton, Pennsylvania to see the Iron Men face Lafayette Saturday, we suggest that they go across the river to see next year's Iron Men meet the Alexandria High School team in the freshmen's first game of the season. For from babes, etc., shall come the 1929 Colonials. Let's look 'em over.

DICK ROLLO.

"KINGDOM OF GOD" TO BE SPONSORED BY G. W. WOMEN

To Give Benefit Performance To Complete \$10,000 Fund

COLUMBIAN WOMEN TO OFFER PLAY BY SIERRA

Ethel Barrymore To Play Lead In Spanish Drama For Building Fund

A benefit theater performance, the proceeds of which will be used for the women's quarters in the proposed third unit of the new building plan of The George Washington University, will be given by The Columbian Women on Monday evening, October 29, at Poll's Theater, when Ethel Barrymore will appear in the first Washington performance of her new play, "The Kingdom of God," by Martinez Sierra, famous Spanish playwright.

It is the hope of The Columbian Women that this benefit performance will result in the completion of their \$10,000 fund for the third unit, more than half of which already has been raised.

A strong appeal will be made to the student body to support the benefit. A committee of young ladies representing the sororities will be organized to promote the sale of tickets on the campus, and fraternities also will be asked to cooperate.

Play Unusual

The play is one which should be of particular interest to a college audience. Martinez Sierra is one of the two or three greatest of contemporary Spanish dramatists. His plays deal particularly with feminine psychology, and in most of his work he has had the collaboration of his wife, an extremely brilliant woman, who has refused to take any credit for their joint work.

This Spanish author has become known to America through his play, "The Cradle Song," in which Eva Le Gallienne appeared most successfully last winter, and his "Romantic Young Lady," in which Mary Ellis starred. A company of Spanish players gained great success in New York last season when they presented in Spanish a number of his plays. A well known Spanish actress, Catalina Barrena, was the leading lady of this company.

In his depiction of feminine characters, Martinez Sierra has achieved a very adroit combination of the traditional Spanish woman, devoted to her religion and her family, with the modern idea of womanhood. Dean Henry Gratton Doyle, professor of Spanish in the University, says of Martinez Sierra, "Without question he is, next to Benavente, the most significant of contemporary Spanish dramatists."

Ethel Barrymore Stars

Miss Ethel Barrymore, who will star in the benefit performance, is too well known to need introduction; an actress who for years has held first place in the hearts of American audiences, because of the perfection of her art and the magnetism of her personality.

The Columbian Women feel that the merit of the presentation, and the purpose to which the proceeds will be devoted, should insure the success of this benefit performance.

A group which for over 30 years has devoted itself to the interests of the University, Columbian Women was founded in 1894, upon the suggestion of Dr. Charles E. Munroe. The organization expends nearly one thousand dollars yearly in scholarships for women students of recognized ability. At the present time five girls are attending The George Washington University on Columbian Women scholarships. The organization has assisted the University whenever and wherever a helping hand has been needed.

Among the prominent Washington women who are sponsoring the benefit theatre performance are Mrs. Harvey W. Wiley, President of The Columbian Women, Mrs. Cloyd Heck Marvin, Mrs. John B. Larner, Mrs. Joshua Evans, Jr., Mrs. Charles W. Richardson, Mrs. Henry Gratton Doyle and Mrs. D. Kerfoot Shute. Mrs. Edwin Behrend is Chairman of the Benefit.

ENGLISH DEBATERS WILL BE ENTERTAINED AT TEA

Louise DuBose and Margaret Rees were elected Chairman and Secretary, respectively, of the Women's Advisory Council at a meeting held Wednesday, October 2.

Dean Rose was present and discussed with the Council plans for the Freshman Mother's Day and various other phases of work for the year.

The Council will entertain for the English Women's Debate team the latter part of October, when prominent women students of the University will be invited to meet these debaters. The entertainment will be in the form of a tea and will be held at the Women's University Club.

Babe Clapper swinging around right end for a ten-yard gain during the second quarter of the Fordham game Saturday. Berkowitz and Goldberg form the interference.

NEW DRAMA CLUBS' FORMATION URGED

Faculty Committee Proposes Formation of New Groups

TO COVER WHOLE FIELD

Classical, Elizabethan, Restoration And Two Modern Groups Are Planned

The Faculty Committee on Dramatics, consisting of Professor Borwell, Faculty member, Edward Moulton, Student member, and Larry Parker, Alumni member, is urging the formation of a number of drama clubs composed of groups of students who are interested in the reading and producing of plays of all types.

The proposed clubs would undoubtedly serve to uncover and to develop any latent histrionic ability and at the same time to discover useful vehicles for production, in the opinion of the committee. At the meetings which may be held several times each month, plays can be read and discussed and some of the more worth-while shorter plays produced. It is hoped that from these clubs, which will act as a sort of proving ground for embryo actors, will be drawn material for the cast of the varsity play.

Groups Planned

The committee has suggested the following division of the groups in order to cover adequately the entire field of drama: A Classical group, to include the outstanding Greek and Roman writers, an Elizabethan group, a restoration group, and two Modern groups, a one-act and a full length group.

The committee also suggests that joint-meetings of all the clubs be held occasionally for the purpose of discussing problems and features of plays already produced or studied by the individual groups. Enlarged programs given by the more talented members are to be featured at these meetings.

All students who are interested are urged to get in touch with Edward Moulton or Pern Henninger at the Phi Sigma Kappa House.

Big University Parties May Run From 10 to 2

University Committee on Student Life Adopts New Policy Regarding Social Functions

Three University functions, the Interfraternity Prom, the Pan-Hellenic Prom, and the Junior Prom, have been granted permission by the University Committee on Student Life to run from 10 until 2 o'clock, instead of 9 until 1 o'clock, as is the case with all other University affairs.

This action was taken at a meeting of the committee Thursday, when they went on record as favoring the new hours for the three large social events of the year. In view of this concession, other social functions will be checked up even more closely to see that they close promptly at 1 a. m.

It has been pointed out that this change in hours is wholly in accord with the policy of the larger universities, where a later starting time and a later closing time is allowed on affairs whose prominence is comparable to the three George Washington events.

The committee is composed of Dean Anna L. Rose, chairman, Dean Henry Gratton Doyle, Herbert E. Angel, Darrell C. Crain, Louise DuBose, Helen Prentiss and Ford Young.

AL SMITH LOSES BY SINGLE VOTE IN HOT DEBATE

Nold and Frisbie Win First C. D. S. Contest From Jackson and Stukes

PRO-SMITH SPEAKERS MAKE FIERY CHARGES

Big and Enthusiastic Crowd Witnessed Forensic Battle; Many Members Make Short Talks

Before a crowd big enough to do justice to an inter-varsity debate, the Columbian Debating Society, debaters discussed spiritedly last Friday night, October 5, whether or not the election of Al Smith would be unfortunate.

The house cheered loudly whenever an apt eulogy of Al Smith was made. It seemed as if all the members of the society were in favor of the Democratic nominee, but when the question was finally placed before them for a vote, they were evenly divided. Charles Laughlin, the president of the Debating Society, had to break the tie and cast his vote against Al Smith.

Marie C. Nold and Karl Frisbie spoke on the affirmative side of the question, "Resolved: That the election of Alfred E. Smith to the presidency would be unfortunate." Lionel C. Stukes and John F. Jackson argued in favor of the New York governor.

Women's Views Given

The woman's viewpoint on the question was presented by Marie Nold. She stated that there was a better candidate than Smith in the person of Herbert Hoover.

"Hoover is for the home," she declared. "He has a firm stand on every issue. Smith, on the other hand, is uncertain on every question."

L. C. Stukes, the first speaker for the negative and a native of Georgia, lambasted the Republican party and Hoover, its nominee.

"Al Smith stands for the principles and ideals of the Democratic party. He stands for honest government and justice for all," shouted Stukes. The statement was received with a loud applause.

Stukes Attacks Hoover

"Herbert Hoover should have the title of general—general with a small 'g,'" continued Stukes. "He is the champion of generalization. His stand is vague on every issue."

When he had finished his eloquent speech the house cheered Stukes and his candidate for several minutes. Even those who did not agree with him conceded that he made a wonderful talk for Al Smith.

Karl Frisbie declared that he was sorry to find his opponents so greatly disillusioned.

(Continued on page 5)

GATE-KEY ELECTS SEVENTEEN MEN

Initiation of New Members to Take Place Thursday at Theta Upsilon Omega House

PROMINENT STUDENTS CHOSEN BY SOCIETY

Herzog Elected President; Popham, Secretary; Battle, Treasurer and Social Committee Chairman

Gate and Key, Honorary Interfraternity Society, held its regular fall election meeting at the Phi Sigma Kappa House last Thursday.

The following men were elected to membership: Frank Kreglow, William Licklider and Louis E. Whyte, Sigma Alpha Epsilon; Leonard Jensen and William Shaw, Sigma Phi Epsilon; Floyd Pomeroy and George Schwinn, Theta Upsilon Omega; Danridge Terrell, Kappa Sigma; Dan Eberly and John G. Norris, Delta Tau Delta; Ray Edmonston, Sigma Chi; Harold O. Farmer, Sigma Nu; Pern Henninger, William Hardy and Robert Gray, Phi Sigma Kappa; Francis Tompkins and Eddie Welch, Theta Delta Chi. These men were elected to fill vacancies made by the graduation of a number of men last spring.

Initiation of the men will take place at 8 o'clock on Thursday evening, October 18 at the Theta Upsilon Omega House.

The Society is composed of a limited number of men from each national fraternity which is a member of the Interfraternity Council. Men are elected for outstanding work within their own fraternity, as well as for outstanding service in student activities.

Henry W. Herzog, of Theta Upsilon Omega, was elected president for the coming year to succeed John Ketchum, Kenneth Popham, of Kappa Sigma, secretary to succeed George Martin; and Richard Battle, of Theta Delta Chi, treasurer, to succeed Richard McPherson. Battle will also act as Chairman of the Social Committee. These officers were installed at the meeting and will direct the affairs of Gate and Key for the remainder of the school year.

Plans were also made for the opening Gate and Key Dance which will be held at the Sigma Alpha Epsilon House on Saturday, October 20.

Interfrat Council To Sponsor Open Dances

Purpose to Promote Better School Spirit; First Dance Saturday, Oct. 13, in Corcoran Hall

The first of a series of dances planned by the Interfraternity Council to promote better school spirit in the University will be given on Saturday night, October 13, in Corcoran Hall, from nine until midnight.

It is the aim of the Council to hold these dances open to any student in the University at a low cost, about twice monthly, as long as they remain popular.

During the football season these dances will be given whenever possible on the Saturday night of home games. The second dance of the series is scheduled for the night of the William and Mary game, which will be played here on November 3rd.

Mulford's music will be featured Saturday night and the Council is doing everything possible to make the dances a success from the start. Subscription will be one dollar, couple or stag.

COLONIALS BOW TO FORDHAM IN LISTLESS GAME

Fordham Eleven Powerful, But Score Does Not Indicate Battle

VAN METER AND CLAPPER STAR FOR BUFF AND BLUE

Gripp, Cullen and Wisniewski Among the Stars on the Maroon Team

The Fordham University Maroons gained a measure of revenge for their 13 to 0 defeat at the hands of the George Washington University Colonials last year when they downed the G. W. "Iron Men" in a 20 to 0 game played in the Fordham Stadium last Saturday.

Fordham presented a powerful eleven which outclassed the less experienced and lighter Colonial team in every department of the game. The score, however, does not indicate the battle the Buff and Blue gridders gave the Rams. While Fordham scored ten first downs to one for George Washington, the actual ground gained was in a far less proportion, and it was only through several spirited drives that the scores resulted.

Late in the first quarter several substantial gains by Gripp, who was the most sensational ball runner for a forward pass which was thrown to the lanky Fordham end, Wisniewski, who dashed ten yards for the first score. Again late in the second period, after the lighter and less experienced Colonials had been worn down by constant rushes, Cullen aided by Gripp worked the ball to the shadow of the George Washington goal from where Cullen broke through tackle for the second marker. Baut, who was substituted for Gripp, proved to be almost equally as good as his mate whose place he took. By repeatedly hitting the left side of the George Washington line for long gains, he scored the final touchdown at the close of the fourth quarter. The third quarter was without event aside from the fact that many yards were given to both teams in the way of penalties. Fordham began to use rough tactics for which the referee frequently penalized them, and the Buff and Blue men paid for their eagerness with repeated off-side penalties.

Inasmuch as this was the first game of the season for the George Washington team their work was still lacking in smoothness and perfection. Faulty interference prevented the backs from making more of an impression than they did, and the line was not functioning as well as that of the opposing team. On the whole, however, the showing made against the New Yorkers was wholly satisfactory.

The work of Clapper in the backfield and Van Meter on the line was especially pleasing to the G. W. followers.

(Continued on page 4.)

MANY CO-EDS ATTEND PARTIES OF Y. W. C. A.

Card Party and Candlelight Service Bring "Y" Activities to a Close

A Candlelight Service in Corcoran Hall Saturday evening brought to a close the "Little Sister Movement" and the Y. W. C. A. membership drive. This service was held for those girls who had joined the Y during the recent drive. Louise DuBose, president of the Association, presided at the service, as the Keeper of the Light.

More than two hundred co-eds attended the card party given in Corcoran Hall on last Wednesday night as guests of the Y. Caroline Hobbs, vice president of the Y. W. C. A. had charge of the party and Elizabeth Miles presided at the refreshment table. Attractive and original Y taffies were used.

Martha Williams received the first prize, and Melanie Uhlig's score called for the boo-by—a huge all-week sucker.

Janet Sheppard, one of the stars of last year's musical show, "Sharps and Flats," entertained with songs from the show and other popular numbers.

Members of the Advisory Council of the student Y. W. C. A. present included the following: Mrs. Cloyd Heck Marvin, Mrs. Harry Hull, Mrs. Howard Hodgkins, Mrs. Howard Chaney and Miss Florence Layton. The chaplains included Dean Rose, Miss Kincannon, Mrs. Russell and Miss Davis.

The first meeting of the Y will be held next Monday, October 15, at noon, in the Womens Building. Elizabeth Buntin and Caroline Hobbs, delegates to the Student Conference at Eagles Mere this summer, will give their reports. All committee assignments will be announced and every girl will be assigned to one or more committees.

The date of the annual County Fair will be announced at the meeting Monday, and immediately thereafter the sororities may choose their booths. Co-eds are reminded that it is not necessary to be a Y. W. member to attend the meetings and join in the activities of the Association. Winnie Beall, membership chairman, is still taking memberships even though the actual campaign is over.

WASHINGTON, D. C., WEDNESDAY, OCTOBER 10, 1928

NON-RUSHING PERIOD NEEDED

The Interfraternity Council, representing some two hundred students on the campus who are members of the various national social fraternities, has been congratulated on the splendid way in which the Rushing Regulations were carried out.

Probably to most people in the University congratulations would seem in order. Certainly on the surface the Rules were adhered to most strictly and the result was a total lack of scandal, much to the disappointment of many of the pessimists in and out of the Greek organizations.

However, all is not as it seems in reviewing the past Rush Season. Many were the violations of the non-rushing rule off of the campus. Not only were rushees escorted home time and again, but some of the fraternities violated the rulings repeatedly.

The whole situation boils itself down to the fact that there was a spirit of overanxiousness on the part of the fraternities who were afraid that they would be left in the van. The result resolved itself into midnight rushing, catch-as-catch-can methods of bidding and a general hurrying to get pledges. In all this rush there are probably some men who failed to receive bids as well as many who would otherwise not have been bid had there been less anxiety on the part of the organization to grab men.

Next year there should be a period of non-pledging added to the period of non-rushing. This would give both fraternities and rushees alike a chance to think things over before bidding and pledging.

ANOTHER BRITISH DEBATE

This year the Women's Debating Society will represent us in the International Debate; at the end of October they will face a team of British women which is being sent over here. There is no doubt that the debate itself will be well attended; but the society needs the support of the student body throughout the whole year. For a brief moment the team will hold the limelight—the audience will applaud, but few will realize the time and effort expended. Debating should arouse more interest and appreciation; it is an activity which, though lacking the publicity given sports, will bring great satisfaction in after years to those who engage in it. It develops brain power and logic; it gives one the ability to face audiences without self-consciousness; its benefits are many and unquestioned.

So let us all, if we do not debate ourselves, give our enthusiastic support to those who do it for us; let us help the Women's Team achieve the success the Men's Teams have in the past.

FRATERNITY FOOLISHNESS

(Reprint From Washington Daily News, October 2, 1928.)

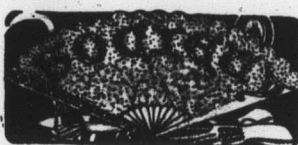

Fraternity foolishness takes on a new aspect when it results in such a tragedy as marked the initiation of Nolte McElroy, University of Texas student and athlete, who died after crawling through bedsprings charged with electricity.

Fraternity hazing persists in spite of the fact that it is devoid of sense or reason.

Practical jokes and horseplay such as brought about the death of the Texas youth, whether from fright or electrocution, have no place in the educational scheme of things. Indeed, the fraternities which have become an integral part of the American college world would regain much of the public esteem they have forfeited if they would impose qualifications of brains and character instead of a capacity to assimilate ridicule and physical punishment.

Solution of the excesses indulged in by organizations of this type lies in the hands of the national governing officers. Fraternities have useful purposes to serve and are inextricably interwoven into campus life, but that their tomfoolery should be abolished seems obvious.

The University of Texas accident should stir the college world to renewed efforts to discourage hazing in every form. So-called harmless pranks which contain the germ of tragedy can be neither condoned nor tolerated by fraternity and university officials.

Now that the fraternities have secured their annual toll of freshmen, they can resume the pursuit of education, alternating with the co-eds who have kept the classes intact up until this time. Needless to say it is expected that the male students will be in the majority for the next few weeks. Parties, teas, luncheons and dances, not to mention cat parties and slumber sessions, will occupy the better part of the co-ed's time until the old list goes out and much kissing and flower throwing is over.

Gate and Key will open its social season with an informal dance at the Sigma Alpha Epsilon house on Saturday, October 20.

Chi Omega's annual Apache Party will be held October 12, at the home of Elsie Talbert, Chevy Chase, Maryland.

All Masons are cordially invited to attend a smoker to be held by Sigma Mu Sigma at the Blue Room of the City Club, Friday, October 12 at eight p. m.

Zeta Tau Alpha is giving a Lander and Old Lace bridge party for its first closed date, Friday afternoon.

Phi Delta Sorority announces the pledging of Elizabeth Zoll, Elizabeth Moorhead and Katherine Ash.

Announcement was made this past summer of the marriage of Evelyn Dickinson, Phi Delta, to Gilbert Burns. The marriage took place at Gettysburg.

Elmer Brown and Howard Texter spent part of their vacation in Europe touring France, England and Germany.

Announcement was made this past summer of the marriage of Miss Katherine Hunter Haycock, Secretary to the Dean of the Law School, to Mr. John W. Gaskins.

Beta Chapter of Phi Delta Gamma will entertain women students of the Graduate School at tea Wednesday and Thursday, October 17 and 18, at the Women's Building, from 5 to 7 p. m.

Inaugurating what they hope will be an annual affair, the pledges of Theta Upsilon Omega fraternity have invited the pledges of all fraternities represented on the Interfraternity Council to a dance to be held at the T. U. O. fraternity house, 1610 20th Street, N. W., the evening of Wednesday November 7th.

Dr. Dave Thompson entertained Frank Kreglow, Herbert Angel and Pern Henninger after the Fordham game at the home of Philip D. Davis of Forest Hills, Long Island.

University of Columbia Chapter of Sigma Alpha Epsilon was visited by A. Frank Kreglow, Pern Henninger, Herbert Angel and Dr. Dave Thompson over the week end.

Chi Omega Alumnae gave a dinner at the Montgomery County Club on Friday, October 5, for the active chapter. The chapter roll call, which is held every year, included such names as Mabel Walker Willebrandt, Judge Mary O'Toole and Vesta Lockwood Watson, National Treasurer.

Among the big crowd that represented George Washington at Wardman Park on Wednesday, October 3, were Julia Denning, Hylda Wrenn, Janet Sheppard, Clair Beckham, Betsy Hoge, Verna Parsons, Connie LaFont, Edith Norris, Betty Brandenburg, Bob Barnes, Duke White, Charlie Footer, Jap Highsmith, Jimmie Austen, Betty Waller, Ruth Newburn and Dorothy Schenken.

Phi Sigma Sigma will hold a card party at the Roosevelt Hotel, Thursday, October 16, for the benefit of her Philanthropic Fund.

Louise Mackal gave a bridge party at her home on Friday, October 5.

Peggy Eckels, who was a student at George Washington last year, is attending Michigan University where she has pledged Pi Beta Phi.

A number of girls from George Washington assisted at the Army Relief Carnival at Washington Barracks. Among them were Helen Walker, Caroline Wilcox, Jenny Turnbull, Marjorie Symonds, Grace McLean, Alice Graham, Louise DuBose, Maxine Alverson, Dolly Tschiffale, Beverly Rittenhouse, Anna Brock, Kitty Groseclose, and Margaret and Mary Harriman.

The members of the Newman Club and all Catholic students of George Washington University will be the guests of Miss Louise McGuire of the National Catholic Social Service School at a tea on Sunday, October 21.

The Kappa Deltas are the recipients of a five-pound box of chocolates from Dorothy Burns announcing her engagement to Henry Churchwell.

Bob Copes, who has been surveying through the northern states since June, returned to his home yesterday and is coming back to George Washington.

Pi Beta Phi Fraternity announces the initiation of Louise Rhee Berryman on October 1.

Alpha Zeta Chapter of Alpha Kappa Kappa medical fraternity held a smoker Friday evening, October 5, at the Raleigh Hotel. Among the speakers were Dr. Hunter, Dr. Barnes, Dr.

Brillmyer, Dr. Chipman, Dr. Crisp and Dr. Bosworth.

The Y. W. C. A. entertained the freshman girls and their "big sisters" at a bridge party on Wednesday evening, October 3, in Corcoran Hall.

Georgia Eiker of Alpha Delta Theta has announced her engagement to Albert White of Baltimore.

Bessie McIntyre went to Philadelphia to attend the installation of Beta Epsilon Chapter of Delta Zeta at the University of Pennsylvania.

A most successful dance was given at the Sigma Chi house on Saturday evening, October 6.

Elise Collins and Marian Butler attended the Navy-Boston College football game at Annapolis, Saturday, October 6.

The annual Alpha Delta Theta convention was held at Estes Park, Colorado, during the past summer. Lambda Chapter received two silver candle sticks for having the highest sorority average of their campus. Mary Mattingly and Elizabeth Miller represented Lambda at the convention.

Gamma Beta Pi entertained at tea in the fraternity rooms, Sunday, October 7.

Gamma Beta Pi is giving a treasure hunt Thursday, October 11.

RIVERA OF HARVARD TO JUDGE CONTEST

Professor Guillermo Rivera of Harvard University, who is to be one of the judges for the International Oratorical Contest at the Auditorium on Saturday evening, October 13, is an old college mate of Dean Henry Grattan Doyle. Later, while both were instructors at Harvard, they collaborated on a Spanish reader, "En Espana," which has been used from time to time at George Washington University.

Professor Rivera will be one of the guests at the dinner tendered by the Washington chapter of the American Association of Teachers of Spanish at the Madrilon on October 12 in honor of the contestants, three of whom—from Argentina, Mexico, and Cuba—will speak in Spanish. The officers of the chapter are: President, Antonio Alonso of the Pan American Union; Vice-president, Dean Doyle; Secretary, Mildred Hutchinson of McKinley High School; and Treasurer, Mary B. Crans of Central High School.

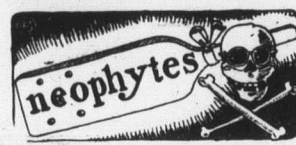

ENGINEERS TO MEET

The American Society of Mechanical Engineers will meet Wednesday evening, October 10, in Building 4, Room 21, at seven-thirty o'clock, to elect new officers and reorganize the student branch.

James Fulton Fox, acting chairman, requests that all engineering students be present, as the policy for the year will be decided by those who are present.

GERMAN CLUB MEETS

The German Club will hold its first meeting of the year Friday, October 26th—time and place to be posted within the coming week.

Miss Gretchen Rogers, elected president last spring, has lately resigned so new elections will be a feature of the meeting.

DR. LYON ADDRESSES ECONOMICS CLASSES

Dr. Leverett S. Lyon of the National Institute of Economics gave a talk on the "Middleman in Agriculture" Friday, October 5th, to Professor Owens' class in Business Organization and Professor Young's class in Economics. Dr. Lyon shed much light on what he termed "the dark area" between the producer and the consumer. He also explained the function of the "central market buyers," showing how prices are maintained at a fairly even level by their activity.

Dr. Lyon is the author of "Making a Living" and joint author of "Our Economic Organization," the text being used by Prof. Owens' class in Business Organization.

CRUMMEN WILL OPPOSE STRONG LAFAYETTE TEAM

Buff and Blue Eleven Journey
To Pennsylvania On Sat-
urday, October 13

PENNSYLVANIA HAVE DEFEATED OPPONENTS

Score 78 Points Against Albright
Eleven and 56 Against Muhlen-
berg Team

When the Colonials go to Easton, Pa., on Saturday, October 13, to play Lafayette, they will be set to register their first win of the season. Although losing to Fordham last week, the confidence of the men in themselves has in no wise been shaken and each and every one of them is expecting a victory in the second game.

In meeting the Pennsylvanians, the Colonials will run up against an aggregation whose scoring power has been proven in their first two games. Against Albright, the Maroon piled up a total of 78 points while only last Saturday, the Eastonians were swamped Muhlenberg, 56-0. Whether the Crummen will have improved enough by Saturday to give the Pennsylvanians an even battle or not, remains to be seen.

Has Strong Reserve

It appears that the Lafayette team is not dependent alone on its regulars for a scoring punch, as in both of its games this season, it has substituted its second and third string elevens when it was apparent that the opposition was weak. Even with these men in the line-up, the scoring did not cease and from this it is seen that Lafayette does not have to depend on its first eleven men for an efficient machine.

However, the Colonials are "set" on winning this game just to show that last week's performance may not be counted as a fair example of what their followers may expect this season. With one hard game behind them, giving the men the needed experience that no amount of scrimmaging could give, the Crummen may be expected to function more as a team, without the rough spots and faults that marred their season's inaugural.

Led by Captain Guest, who will be seen at one of the half-back posts, Coach McCracken will present a team of huskies to the Colonials on Saturday. With the exception of two men, one being the captain himself, each man on the team measures up to a height of six feet or within one inch of it. Two 200-pounders are seen in the Maroon line-up while the lightest man on the team is 164 pounds. The line averages 186 pounds.

With six men back from last year's squad, the rest of the team boasts of many brilliant players. Sarni, left guard; Kressler, center; Thompson, right guard; Soloff, right tackle; Guest, half-back; and Pursell, full-back are the ones who saw action with the team last year. Of this group, Pursell and Thompson were out of the game most of the time last season on account of injuries. Pursell was bothered with a knee which was injured, giving him considerable trouble. However, he is playing with a brace this year and seems destined to hold down the full-back position. Johnny Thompson, who saw little action in 1927 because of hurts, is now fit and has been playing a bang-up game at right guard. McKean, product of last

Hockey—Monday, Tuesday, Thursday and Friday, 1.30 to 3.30.
Riding—Hours arranged at Gymnasium Office.
Rifle—practice begins October 15.
Soccer—Monday, Tuesday, Thursday and Friday, 3.30 to 4.30.
Swimming—Begins December 1.
Basketball—Begins December 1.
Tennis—Annual Singles Tournament now in progress.

year's Freshmen crop is playing left end on the varsity and making a creditable showing.

Good Defense

That the Maroon is not weak in reserves was apparent in their opening game, when Chimenti, sub back, shared honors for the day with his captain by scoring three touchdowns in the brief period that he was in the game. Wilson, last year half-back, but who is not in the list of starters this year, also stepped into the limelight by scoring two 6-pointers, while exhibiting a brand of open-field running that bordered on the sensational.

The strength of the defense of Lafayette is recognized when it is learned that Albright made only one first down in the entire game, and that by the aerial route.

The scoring prowess of the Maroon is due in a large part to the machine-like interference which is furnished the ball-carrier. This has been prevalent in both of its games to date and every time that the runner has been thrown for a loss, it has been on account of the failure of this to function.

Pursell, Star-Punter

Most of the kicking of the Lafayette team is done by Pursell, half-back, who when called upon to punt has consistently been averaging fifty yards or more to a boot. The only weakness of the team's kicking, as far as can be noted, is in the kick-off and the try-for-point-after-touchdown, which have been especially poor. On some kick-offs, the ball has traveled only 10 yards.

In the game this week, Coach Crum plans to start the same men that were in the game with Fordham, with the exception of Captain Lope-man, whose condition is doubtful. "Chalky" painfully injured his leg on the second kick-off last Saturday, and it is doubtful whether he will be able to start or not. His loss at this time comes as a particularly heavy blow to the team's hope, as he had just been elected to lead his men, and it will be the second time this year that the team has been without a leader. Unless Barrow improves, Berkowitz will be seen in Lope-man's place, which he filled creditably last Saturday.

COLONIAL RIFLEMEN NEED NEW MATERIAL

Frank Parsons To Coach Team;
Bill Lane Elected Captain For
Present Year

The George Washington rifle team is about to enter another season which, it is hoped, will be as successful as the former ones. The riflemen have won the intercollegiate championship so frequently that it has become a revered tradition.

Bill Lane, who placed fourth in the National Individual Championship Match at Camp Perry this fall, is team captain this year.

Frank Parsons, last year's captain, is coach this year in lieu of Walter Stokes, who will be unable to instruct the team. Parsons is an excellent shot and is well qualified as coach.

The team lost five of the six men who were responsible for the team's remarkable showing last year and is sadly in need of new material. All men in the University who have had any experience whatever in rifle work are strongly urged to report at the rifle range for practice.

Practice starts October 15, and the men's team will have the range Monday, Wednesday, Friday and Saturday from 5 to 10 P. M. and Monday from 11 A. M. to 3 P. M.

Enthusiasm Shown For Women's Golf Classes

Classes Held Every Wednesday and
Friday on East Potomac
Links

Under the tutelage of Miss Eugenia Davis, several aspirants for golfing honors made their first attempts at the game on the East Potomac links Friday. So much enthusiasm for the sport was shown that it is expected that the resulting publicity will bring out many more girls.

Classes will be held every Wednesday and Friday afternoon at 2.30, as long as the weather permits; if the number playing is very great, other classes will be held at 4.30.

Preparations will begin immediately for a tournament to be held in the spring. By that time the beginners will have progressed and will be able to compete successfully with those who have been playing much longer.

G. W. MAN OFFICIAL SCORER

Richard Vidmer, a former George Washington football star, and at present Sports Editor of the New York Times, was recently appointed official scorer for the world series. Mr. Vidmer attended the University in 1920-21.

FROSH GRIDMEN PRIME FOR TILT AT ALEXANDRIA

Game With Alexandria High
School Season's Opener
For Freshmen

YEARLING SCRIMMAGES WITH BIG TEAM BEGUN

Backfield Men Show up Well, Lines-
men Will Need Polishing,
Newby Thinks

The Freshmen Football team has been drilling in preparation for its first game this Friday with the Alexandria High School. Coach Newby reports that all of his men are in fairly good physical condition and hopes to make a good showing. Word comes from Alexandria that the high school team is one of the strongest it has had for years.

Last Thursday the team scrimmaged the Varsity for the first time and exhibited a good defense, holding their much heavier opponents to comparatively few gains. Scrimmages were continued this week with the Varsity after the big team had returned from Fordham. No mercy has been shown the Yearlings, as Coach Crum has been working his men with a vengeance to weld them into shape for Lafayette.

Scrimmages Valuable

These scrimmages have shown Dick Newby that he has a number of backfield men of real worth, but that he must work doubly hard if his line is going to make holes in the defense of the opponents for these backs to make gains.

It is the first time that a great many of the linemen have played football and this lack of football knowledge has retarded the team a great deal.

Those men who have shown up well during the course of practice include Adams, a husky back, who distinguished himself by his football ability at Hermon Prep School in Massachusetts. His terrific line plunging has taken a great deal of worry from Newby.

Bob Hall Out

One of his running mates behind the line will be Bob Hall, a fleet back from Central High School of this city. Gates, another Massachusetts product, has shown enough to warrant his starting in the first game of the season.

Another man who has an excellent chance of making the team is Staggers, whose fighting qualities have stood out in the scrimmages held this week. Sherry, Hudson and Bennesson round out the backfield candidates.

Ends Good

Coach Newby seems to be endowed with a couple of good ends, Eddie Parke, who starred on the Central team of 1926, has showed enough abil-

Girls' Gym Uniforms Draw Down Wrath of Gods, Men, and Co-Eds

Venus glanced from one to another of the members of her famous council. Old Afterthebitey was silent. Helpus Weneedit made no move. Even Semper Feedus remained taciturn. Something really must be done. Those G. W. Co-eds had reached the Olympian heights of egotism, and it couldn't go on. Were there any suggestions? None was forthcoming, and poor Venus hung her head.

Quick to detect flashes of intellect, Venus noticed a peculiar pallor around the gills of the old fiend Appello-Sawz. She knew that Appello-Sawz had recently been to earth and come back simply mashed with original ideas. She thought he thought a thought.

"Speak," she commanded. He spoke. On his recent expedition terra firmward, he had visited divers and some-dri colleges, and thence gleaned much knowledge. The thing, and in fact the only thing, to do with those G. W. Co-eds was to send them streetward in uniforms. He recommended, well, just the kind of uniform that those athelecting girls are now enhanced by. They must have proper lengths, widths, and whatnots, he said, and suggested that a stroll to 10th and F in aforementioned suit would cure the most fatuous femme of her self-satisfaction, and anything else.

So said, so done; and that is why you see the stricken girls strolling. Moral:

Ten Thousand years ago, old E-Z-Flop said—it'll have to get better, before it can get any worse.

ity to warrant the fact that he will hold down one of the flanks when the team takes the field against Alexandria.

For the other end position, Newby has Dennis, who, strangely enough, was a star on the Alexandria High School team of last year. He is fast and a sure catch on the receiving ends of forward passes, and is expected to star against his former mates on Friday. E. M. Hall and Sterrett are also striving for the end positions.

Cohen, Griggs and Swartwout are the aspirants for the berths of tackles. Of the three, Griggs appears to be the farthest advanced and seems to have won one of the jobs for himself.

Guard Not Named

The weakest spot of the team is found at guard. Cayton, Dyer, Goldman, and Rosenblum are striving for the position, and while Newby has made no selections as yet, it appears that Dyer has the edge on the field.

Boyle, at center, has proven to be an excellent defensive player. In the scrimmages against the Varsity, he has constantly stopped all rushes in his direction.

Coach Newby is now dickering with Swavely Prep for a game, and expects one to be arranged for the near future.

WOMEN'S FALL SPORTS PROGRESSING RAPIDLY

Women's fall sports are progressing rapidly at the University. Archery and soccer practice started Thursday, October 4th, under Coach Eugenia Davis. Fall sports being compulsory for freshmen and sophomores, the turnout,

especially for archery, has been exceedingly large.

Mary Sproul, manager of archery, is looking forward to a good year even though this sport was started here just last year.

Soccer, with Verna Parsons as manager, was introduced only this year at the University but promises to be a very popular sport among the co-eds.

Adolphe Menjou picks OLD GOLD as camera records the Blindfold test

The test was conducted by responsible witnesses who asked Mr. Menjou to smoke each of the four leading brands, clearing his taste with coffee between smokes. While the camera recorded the test, only one question was asked: "Which one do you like best?"

ADOLPHE MENJOU... debonair, sophisticated Paramount star... one of the greatest living actors... appeared recently in "His Tiger Lady", "Night of Mystery" and "Serenade".

Why you can pick them

Three types of leaves grow on the tobacco plant... coarse top-leaves, irritating to the throat... withered ground-leaves, without taste or aroma... and the heart-leaves, rich in cool and fragrant smoking qualities. Only the heart-leaves are used in OLD GOLDS.

© P. Lorillard Co., Est. 1760

INTER-GYM CLASS BASKETBALL TILT GETS UNDER WAY

Freshmen Men's Tournament To Be Played In University Gymnasium

TOURNEY TO ASSIST SCHOOLS TO PICK MEN

Soccer and Fencing Added to University List of Sports; Freshmen to Pick Activity

A new system was inaugurated with the opening game of the freshmen men's inter-gym class basketball tournament, with a tilt between the 9.10 class and the 11.10 class. The winners of this contest will meet the representatives of the 4.10 gym class.

Each one of these teams will play the others at least twice during the series to determine the class champions. These games are to be played in the University's gymnasium, and all students, men and women, are cordially invited to witness the several contests. For the convenience of all, the games will start at 12:15 every week day afternoon.

From these teams will be chosen a group to represent each college of the University. Columbian College, the Architects and the Engineers have already gone to work in preparation of a squad to represent them on the court this winter.

New Sports Added

The gym class tourney will assist the several schools in picking a good squad, as the best players of these teams will be chosen to make up the squad for their particular college. As there has been much local and out-of-town basketball talent enrolled in the University this term, a snappy series is anxiously looked forward to this fall and winter. These tournaments will also afford the coaches a golden opportunity to look over the material present with the selection of the varsity and freshmen teams in view.

Several new sports have been added to the field from which the

freshman can pick his desired activity, chief of these being soccer and fencing. Soccer football, so popular in the East during recent years, has been introduced into the sports department, and has met with immediate favor by the frosh. Many good soccer players from this city and elsewhere have come out for the sport, and many more are encouraged to follow.

This game will probably not be a major sport right away, but it has untold possibilities, and all who are interested are urged to report at the gymnasium any week day at 2 o'clock. Practice is held daily on the Potomac Park Soccer field, and as many as report will be cared for.

Fencing is being introduced into the University for the first time as an activity for men students. As yet no classes have been formed or no definite program outlined, but if all those interested in the manly art of fencing will report to Mr. Thompson, the physical director for men, at the gymnasium between the hours of 9 and 12 in the morning, he will make up the classes and arrange the program for the coming season.

Club Officers Plan to Open Year's Activities

Coach Crum to Address Next Meeting, Downer, Club President, Announces

The first meeting of the Pep Club this year was held on Thursday, October 4, at 12:10 p. m., in C. H. 1.

The meeting was opened by the singing of "Hall to the Buff, Hall to the Blue." The president, Gilbert Downer, announced that there was to be a big meeting of the club on the night of October 26. The program will include addresses by Coach Crum and several prominent professors of the University. There will also be a discussion of the future plans of the club.

The officers of the Pep Club this year are: President, Gilbert Downer; Vice-President, Darrell Crain; Secretary, Bernadine Horn; Treasurer, Bradford Swope; and Sergeant-at-Arms, Gordon McBride.

INTERFRAT BASKETBALL TO START OCTOBER 15

Any Man Possessing a Letter From G. W. Not Eligible

At the meeting of the Interfraternity Council held Sunday morning at the Theta Delta Chi House, plans were completed for the Interfraternity Basketball Series.

Play will start next Monday evening, October 15, in the University Gymnasium. Definite schedules are being made up and will be announced in a few days.

The Council ruled that any man receiving a letter in a sport whether at George Washington University or not is not eligible to participate in Interfraternity Competition in that same sport.

RIFLE TEAM MEMBERS TO REPORT FRIDAY NIGHT

A meeting of the rifle team will be held Friday, October 12th at 7:15 p. m. The team will meet in the rifle range in the basement of Corcoran Hall and all men interested report for the team should report.

Walter Stokes and Coach Frank Parsons will talk to the new men about the team and its prospects for the present season. A schedule will be arranged for the students to avoid congestion of practice hours in the range. Captain Bill Lane, Manager Harry Parsons and Assistant Manager John Ball will meet the men and help arrange their schedules.

CHEER LEADERS NAMED

The new cheer leaders, who will receive their baptism of "hot air" on Oct. 27, at the N. Y. City College game are Gordon McBride, John Caul, Wallis Schutt, and Arthur Kidder. They are being trained by last year's cheer leaders.

REACH SECOND ROUND IN TENNIS TOURNAMENT

Myrtle Crouch, Manager of Women's Tennis Announces Over Forty Entrants

The first round in the annual fall singles tennis tournament for George Washington women opened on Saturday, October 6. Matches in the preliminary round were required to be played off on October 6, 8 and 9 with all scores posted by the end of that period.

Myrtle Crouch, manager of tennis, has arranged that the second round in the tournament begins on October 10, and each successive round is allowed three days' time, not inclusive of delays on account of unfavorable weather. Each match must be refereed by an impartial judge, and the winner of a match is held responsible for reporting the scores of the match promptly to the gymnasium office together with the name of the referee.

At the close of the tournament, the ten players ranking at the top of the list will be open to challenge by any eligible University women, enrolled for a minimum of nine hours' work, and the results of the challenge matches will determine the membership of the varsity tennis squad.

BUFF AND BLUE LOSES TO FORDHAM ELEVEN

(Continued from page 1.)

For Fordham, Gripp, Dellare, Baut, and Wisniewski were the towers of strength.

It was estimated that 8,000 fans taxed the capacity of the Fordham stands.

First Quarter

Babe Clapper took Wisniewski's kick-off on the George Washington ten-yard line and returned the ball to the twenty-yard line, after which the Colonials at once took the defense when Lopeman punted to Beloin on the Fordham 19-yard line. George Washington was given a 5-yard penalty when Politis was offside for Fordham but the Rams got the yardage back at once when the Colonials were penalized twice for the same offense. Pieculewicz made only a yard through center but Gripp, flashy Maroon half-back, gained 6 yards by tearing around right end. Cullen failed to gain in an attempt to crash through tackle and George Washington took the ball on downs when Cullen again failed to come through on a fake pass.

With the ball on the Fordham 48-yard line, Sanders was stopped by Hurley when he attempted to smash through right tackle and Clapper made by 2 yards through center. The Colonials called time out after Gripp intercepted Sanders' pass and returned to the Colonial 48-yard line before he was nailed.

At this point things began to happen; Gripp evaded would be tacklers and slipped through right tackle for a 7-yard gain after which he proved that his gain was no fluke by ripping off 13 yards around right end for a first down. After Pieculewicz was held without gain when Van Meter got to him before he reached center, Cullen fumbled a pass from the quarterback but fell on the ball in time to keep it in the possession of his own team.

With the ball on G. W.'s 25-yard line, Dallaire heaved a pretty 15-yard pass to Wisniewski, rangey Fordham end, who dashed the remaining ten yards for the first score of the game. Wisniewski failed to add a possible point when his placement kick went wide. Clapper again took the kick-off and raced to the 45-yard line before he was downed. At this point Berkowitz was substituted for Lopeman, who was injured. Pieculewicz stopped Sanders at the line for no gain after which Wisniewski grounded Sanders' pass. Carey kicked to Dallaire, who was nailed in his tracks.

With the ball on the Fordham 25-yard line Gripp attempted to go around the right end but was brought down by Van Meter after a gain of 3 yards. After two attempts to penetrate the line, Dallaire got off a beautiful 50-yard punt. Sanders failed to gain on two attempts through the line and then Carey kicked. An incomplete pass, 4 yards through right tackle by Gripp, an off-side penalty, and a 5-yard plunge by Gripp netted the Maroons a first down as the quarter ended. Score, 6-0.

Second Quarter

Fordham's ball on George Washington's 29-yard line. A scant yard through center by Pieculewicz and a pass, Gripp to Dallaire netted no gain, but Gripp came through with a pretty end run and was stopped by Clapper only after a 7-yard gain. With less than 2 yards to go McMahon, now playing for Gripp, was held to downs.

With the ball on the Colonial 30-yard mark, Clapper, Sanders, and Berkowitz failed to gain and Carey punted beautifully to the 50-yard line. With the oval on the G. W. 45-yard line, Cullen attempted to go around right end but was nailed after a 3-yard gain. An off-side penalty left but 2 yards to go for a first down. The Colonials stiffened and held the opposition to down by grounding a pass by Dolloire and halting Cullen without gain.

With the ball in enemy territory, Sanders passed to Clapper but McMahon batted it down. Another pass from Sanders to Allshouse, netted only a yard. Carey kicked on the fourth down after Clapper was smeared behind the line. Fordham was forced to return the punt when two passes and a tackle back by McMahon failed. Carey punted on the second down after Tracey broke through the line to smother Sanders.

Fordham, with the ball on G. W.'s 35-yard line, launched a drive which soon resulted in the second score. On the first play McMahon got away for a spectacular 15-yard gain around end. On the next play Dallaire passed to McMahon for another 15-yard gain and first down.

This placed the ball on the Co-

lonials' 6-yard line from where Dallaire reeled off a 5-yard gain after which Cullen crashed through tackle for the second score. Wisniewski added the extra point with a placement kick.

Wisniewski kicked off to Sanders, who returned 20 yards to place the ball on his 25-yard line. Berkowitz was held to a yard on a center plunge and Sanders lost 7 yards when the line gave away and he was smeared while attempting a forward pass. After Sanders was again thrown for a loss, Carey kicked out of danger as the half ended. Score, 13-0.

Third Quarter

When Fordham took the field at the opening of the second half fresh men had replaced the whole first team.

Sanders took the kick-off on his 5-yard mark and returned to the 25-yard line where he was downed. A tackle plunge, incomplete pass, Clapper to Sanders, and a 4-yard gain by Sanders was followed by a punt by Carey. On the first play, Fordham was penalized 20 yards for roughing bust lost only five yards since G. W. was called off-side on the next play.

Baut, who took Gripp's place, gained 8 yards through right tackle and at once added a few more yards through center for a first down on the Buff and Blue 25-yard line. A penalty for roughing gave the Colonials the possession of the ball. An attempt through the line was followed by a successful pass, Clapper to Carey, for a 15-yard gain, and a first down, but this advantage was soon lost when Sanders, Berkowitz and Clapper failed to gain more than 7 yards on successive plays.

Carey kicked to the Fordham 25-yard line and Tracey returned the punt on the first play as the quarter ended.

Fourth Quarter

With the ball in mid-field, Walsh broke through to get Sanders 5 yards behind the line of scrimmage. The loss of another 3 yards by Sanders and a grounded pass made it necessary for Carey to kick. At this point, Fordham was penalized 15 yards for rough tactics. This placed the ball on the Maroon 15-yard line.

Here the first string team again took the field. Gripp at once made his presence felt by going around left end for a first down, but an incomplete pass and two small gains by Baut called for a punt by Tracey, who booted to the G. W. 10-yard line. Carey returned the punt with a short kick to the 50-yard line after Berkowitz failed to make ground on three attempts.

A 20-yard gain by Dallaire was void when the ball was brought back after an off-side offense by the Rams. After small gains through the line by Baut, Dallaire and Gripp, the former got away for a 23-yard gain around end, a pass put the ball on G. W.'s 25-yard line from where Gripp gained 5 yards around right end and another 3 yards through tackle. Baut added the remaining yard for a first down.

This placed the ball on the Colonial's 11-yard stripe. Baut made 7 yards on two attempts through left tackle and went over on a third attempt through the same spot. Wisniewski added the point. Score, 20-0.

Berkowitz took the kick and with only a few minutes to play, Carey punted out of danger. Fordham gained no ground in two plays before the whistle.

The summary:
 FORDHAM Pos. G. WASH.
 Wisniewski L. E. Allshouse
 Foley L. T. Van Meter
 Cannella L. G. Goldberg
 Siano C. Sanders
 Beloin R. G. Gates
 Hurley R. T. Blaine
 Politis R. E. Carey
 Dallaire Q. B. Sanders
 Gripp R. H. B. V. Frazier
 Cullen R. H. B. Clapper
 Pieculewicz F. B. Lopeman

Score by periods:
 G. W. U. 0 0 0 0—0
 F. U. 6 7 0 7—20

Touchdowns: Baut, Wisniewski, Cullen.

Substitutions: For George Washington: Berkowitz for Lopeman, Clements for Gates. For Fordham: McMahon for Gripp, Tracey for Cannella, Walsh for Politis, Smith for Hurley, Baut for Cullen, Chiros for Dallaire, Schully for Siano, Kloppenberg for Wisniewski, Healey for Beloin, Miskins for Foley, Dolloire for Chiros, Siano for Scully, Wisniewski for Kloppenberg, Gripp for McMahon.

FILLING STATION FOR FOUNTAIN PENS

"Meet me at the Filling Station" may become a popular campus slogan. The "Fountain Pen Filling Station" invented by Tracy E. Thompson, appears very practical, judging from the fact that seven of the Big Ten colleges have already acquired them.

This "filling station" adds inks to our already long list of commodities purchased by way of slot machines. Designed for the convenience of fountain pen users, it holds sufficient ink to fill 600 pens and eliminates the waste and untidiness of the open ink well. It consists of a chamber and filling cups inclosed in a case composed of metal and hard rubber which stands upon a writing desk or table. As a penny is inserted and a knob turned sufficient ink to fill one pen runs into one of the cups. The pen is loaded from this, a dropper being provided for those pens not equipped as self-fillers. A wiper attached to a spring reel is pulled out from a slit near the knob for cleaning the pen, and extra ink is poured into a refuse cup from which it runs into a waste chamber.

HARVARD TALKERS DEFEATED
 CAMBRIDGE, Mass. (IP).—The renowned forensic abilities of Harvard undergraduates was given a distinct shock recently when a debate team from Carleton College came out of the West and won an audience decision in a verbal scrap with a Harvard team.

 Yale University has received a fund for \$350,000 for the establishment of a course in government.

COACHES TO ADDRESS GIRLS' RIFLE MEETING

Last Year's National Championship Team Returns With Loss of Only One Member

A meeting for George Washington women interested in rifle will be held on Monday, October 15 at 12 o'clock at the rifle range downstairs in Corcoran Hall. Preliminary to this meeting there will be a meeting of coaches and assistant managers on Thursday, October 11, at the same place.

The general meeting will be addressed by the captain of the rifle team, Helen Taylor and also the manager, Gene Cuvillier. Instruction for beginners will be given by the coaches. Walter Stokes is the official coach of women's rifle, with Helen Prentiss and Frank Parsons as assistant coaches for beginners.

Rifle practice will begin on Tuesday, October 16. Practice will be held regularly on Monday, Tuesday and Wednesday, 11:00 to 3:00; Thursday evenings, 5:00 to 10:00; for beginners and Saturday, 11:00 to 5:00 for the varsity squad.

With the loss of only one member of last year's varsity team, which retained the women's national rifle championship for George Washington in the past season, the prospects are good for another successful year.

Women Athletes Plan Frosh Entertainment

Award Honorary Blazers to Naomi Crumley and Louise Omwake

The first meeting of the Women's Athletic Association was held Tuesday night, October 2, at 7:30, in the Gymnasium. Plans were discussed by the members for an entertainment to be given sometime in the near future for the Freshmen, to interest them in athletics.

Honorary blazers were awarded Naomi Crumley and Louise Omwake. Numeral for last year's winning class teams in hockey, basketball, swimming, and tennis were also given out.

The next meeting will be held the first Wednesday in December.

50-YD. DASH RECORD EQUALIZED

LAWRENCE, Kans. (IP).—"Lud" Grady, Kansas dash man, equalled the American indoor 50-yard dash record of 5.2 seconds at the Missouri Valley indoor meet held at Des Moines recently.

Varsity Racquetball Play Exhibition Tennis

Large Crowd Witnesses Match Between Considine and Phillips, Varsity 1 and 2

A large crowd witnessed the tennis exhibition between Bob Considine and Larry Phillips, numbers 1 and 2, on the varsity squad, which took place Thursday, October 4, and was halted at one set each because of classes.

Considine made most of his points with terrific drives along the base lines, while Phillips countered by his placing of the ball.

This year's team will be formed around Captain Phillips, ex-captain Sickler, Considine, Stauble, Watson, and Aronowsky.

Other exhibition matches will be played in the future between members of the varsity squad.

PHYSICAL ED. CLASSES COURT SERIES OPENED

Freshman Physical Education Basketball games started in the gym Monday, October 8, with the 9.10 class decisively defeating the 11.10 class by a 22 to 2 score.

Castell of the 9.10 group was high-point scorer with four baskets. Perry of the same team was second, scoring three two-pointers. Stubs of the 11.10 showed up well at guard. Jeweller, Perry, and Castell worked well together at the passing game.

Games will be played every day this week in the gym at 12.15. Coeds are invited.

written reports; and the great saving of time as compared with the drudgery of writing by hand is a welcome relief.

Remington Portable is the smallest, lightest, most compact and most dependable portable with standard keyboard. Weighs only 8½ pounds, net. Carrying case only 4 inches high.

MASONIC CLUB IS GUEST OF ACACIA

Annual Smoker to All Members of the Masonic Fraternity Held Wednesday

PROF. ARNOLD PRESIDES

Number of Addresses by Masons of The University Feature Evening Program

The annual smoker tendered to the George Washington University Masonic Club in behalf of the members of the Masonic fraternity in the University by the Acacia fraternity was held Wednesday evening at 1707 Massachusetts Avenue.

Professor Earl Caspar Arnold of the George Washington University Law School was master of ceremonies and introduced in turn the speakers of the evening. Short talks were made by Dean Charles E. Hill and Professor William A. Hunter of the Law School. They were followed by Doctor Daniel L. Borden of the Medical School, who spoke on some interesting phases of the work in his department of the University.

President Marvin Speaks

Doctor Cloyd Heck Marvin, President of the University, and Dean Henry Grattan Doyle arrived during the course of the program and made brief addresses. Doctor Marvin painted a vivid word picture of the future of George Washington and the part which it is contemplated that Free Masonry will play in certain phases of its development.

Ivan C. Booher, President of the Masonic Club and George Spangler of the Acacia fraternity welcomed the guests of the smoker on behalf of their respective organizations.

Following a few exhibition novelty dances the group was addressed by Melvin D. Hensley, State President of the District of Columbia League of Masonic Clubs and by F. J. Day and Charles Stark, State Vice-Presidents of the League. They spoke on the

Students who have had mail sent to them in care of the University are asked to call for it at the Information Booth in Building 1, as a large number of letters have collected there.

work which is being done by similar clubs to that of the University throughout the United States. The program was concluded by a service of light refreshments.

LAW GRADUATES RECEIVE HONORS

George Washington Law Alumni Enter Professional Activities in Other Cities

MANY ENTER PUBLIC LIFE

Lieutenant Cummings of Class of 1928 Appointed to Governor's Staff in Virgin Isles

Information has reached the Law School of the accomplishments of some of the recent graduates who have departed from Washington and are now engaged upon the practice of their profession.

E. West Parkinson of the Law School class of 1928 passed the Idaho bar upon examination last June. He received the Republican nomination for prosecuting attorney of Madison County, Idaho, and it is understood that that district is overwhelmingly Republican. He is at present located at Rexburg, Idaho.

Hugh Colton of last year's class has accepted the Republican nomination for prosecuting attorney for Utah County, Utah. This is likewise nominally Republican, and the nomination is practically equivalent to election. Lieutenant Gale T. Cummings, United States Marine Corps, has been appointed legal adviser on the staff of the United States Governor of the Virgin Islands.

Matthew E. Hanna of the Class of 1928, recently passed the Connecticut Bar examination and is at present associated with the firm of Cummings and Lockwood of Stamford, Connecticut.

Harrison Durand of the Class of 1928, having graduated with distinction, is now practicing law in New York City.

Wilkinson Instructs in Law

Ernest Wilkinson of the Class of 1926, is instructing in law at the New Jersey Law School in Newark, and is now associated with the firm of Hughes, Schurman and Dwight of New York City.

Miss Imogene Williford, a member of the Junior Class in Law, received the distinction of being the first woman to be admitted to the Bar of Jasper County, Mississippi, having passed the Mississippi Bar examination last July.

Kenneth H. Bruner, of the Class of 1928, having passed the District of Columbia Bar examination last June was admitted to the Indiana Bar Association last summer.

Wallace McBride of the Class of 1926, is at present identified with the United States Department of Justice and is stationed at Omaha, Nebraska.

"A-Average" Students Announced For Law

List of High Scholarship Men Read Out at Law School Mixer

The following list of the students of the George Washington University Law School received an average of "A" in the work of the academic year 1927-1928:

First year—Thomas Bailey, Jr., John W. Cox, Harold Dodd, Francis Kirkham, George Monk, Grace McEldowney, and Harold Nystrom.

Second year—Ned Arick, Leroy Bendheim, Clarence Davidson, James Doyle, Orval Hafen, Lawrence Knapp, Charles Laughlin, Charles Martin, Homer McCormick, Arthur Rittenberg, Augusta Spaulding, and Irving Yochelson.

Third year—Robert Cartwright, James Castle, Morton Cooper, Harrison Durand, Henry Elliott, Judah Fishin, John Hoxie, Albert Hubschman, Ralph Hudson, Sidney James, Henry Kilburn, Nathaniel Levin, Edmond Parkinson, Marian Phelps, George Smith, and Byrle Whitney.

INCREASE SHOWN IN ENROLLMENT

Increase of 514 Makes Student Body Largest in History Of University

5255 ENROLLED

Increases Shown in All Schools Except Engineering and Graduate School of Letters

Eclipsing last year's enrollment by over 500 students, George Washington University is entering the school year of 1928-29 with the largest student body in its history. According to figures released by H. G. Sutton, Registrar, 5,255 students have enrolled in the various departments of the University, an increase of 514 over the enrollment at this time in 1927.

Increases are shown in each of the schools of the University except those of Engineering and Graduate School of Letters and Sciences in which the figures of this year fell slightly below those of 1927. The Columbian College with an increase of 172 over last year led all the schools in total numbers, although the School of Pharmacy, increasing its enrollment 55 per cent led on a percentage basis.

Growth Shown

The growth of George Washington during the past few years is shown by a comparison of figures taken from the University catalogue of twenty years ago and those of the current year. The total enrollment for the school year of 1907-8 was 1,309, one quarter the number of students attending the University this year.

The total number of students registered in each of the schools this fall, according to figures obtained from the registrar, are: Columbian College, 2,588; Graduate School of Letters and Sciences, 334; School of Engineering, 398; School of Pharmacy, 69; School of Education, 668; School of Government, 70; Division of Library Science, 98; Division of Fine Arts, 90; School of Law, 659, and the School of Medicine, 291.

Registration for the fall semester closed Wednesday, October 3, and no more registrations for work during this period will be accepted, according to the official ruling. All figures above have been compiled since that time and will stand as official until the start of the second semester.

CONCERT COURSE FUND IS PRESENTED TO G. W.

Director of Washington Co-operative Concert Course Gives Sum to Athletic Fund

The sum of \$24 has been turned over to the athletic fund of the University, by Dr. Harold M. Dudley, Director of the Washington Co-operative Artist Concert Course, the money being derived from the sale of tickets to the Concert Course. Under this plan, persons purchasing tickets have the privilege of designating some educational or welfare organization to whom ten per cent of the sale price of their tickets will be paid.

The Washington Co-operative Artist Concert Course is "a new music and civic enterprise in the National Capital this season, including a series of eight outstanding events presenting world renowned artists, at popular prices, \$5.00 and \$10.00 for the entire course." Among the artists who will give the concerts, over a period extending from October 25, 1928 to April 12, 1929, are Josef Hofmann, premier American pianist, who will present the first concert, Maria Jerizta, Prima Donna of the Metropolitan Opera House and Paul Whiteman and his orchestra.

Friends of the University, who are interested in this music course can help the athletic activities and especially the football squad by designating George Washington University as beneficiary under the plan mentioned.

Details of the Course may be obtained from Dr. Dudley through the Kimball Piano Co., 808 Eleventh St. N. W., or by calling him at Franklin 3371.

Tryouts Are Held By Girls' Debating Team

Aspirants Considered on Three Counts, Results to be Announced Next Week

Try-outs for positions on the Women's Debating team were held in Corcoran Hall I, on Friday evening, October 5. All aspirants, in addition to a required five-minute speech, were tested as to stage presence and ability to think on their feet. Results of the try-outs will be announced next week.

Helen Prentiss has been appointed manager for this season by a committee comprised of the coaches, Mr. Gilbert Hall, and Rev. George Farnham, and last year's manager, Ruth Kernan. Several meetings of former team members have been held to date, which were devoted chiefly to discussion of the season's schedule, which will be climaxed by the International Debate to be held the last of October.

Last year a new system of debate awards was inaugurated by which a silver medal is awarded for three years distinctive service, and silver and bronze medallions for two and one year's service, respectively. Holders of awards who are at present students in the University, are as follows: Ruth Kernan, silver medallion; Louise Feinstein, Virginia Frye, Nancy Griswold, and Helen Prentiss, bronze medallion.

Library Offers Big Gadget Values To Students of University

Love letters from 3c a bunch to \$5 apiece.

Certificates of baptism 42c a pair. Pencils \$3.98 a cord. If students will just keep leaving articles in the library books which they return it won't be long before George Washington will be able to have a cut-rate Notion Emporium of its own.

Everything imaginable from pressed flowers to eyeglasses, street car transfers to sticks of gum, baptism certificates to love letters, are left by pupils in the 57,500 volumes, tomes, tracts, treatises, brochures, pamphlets, librettos, manuals, circulars, publications, and books of our *bibliotheca*. Combs can be supplied by the piece or car load; embrodered handkerchiefs with any combinations or initials, pencils from two inches up. The supply of fountain pens and pocket-books is low. What have you?

ENGINEERS HEAR DEAN'S ADDRESS

Meeting of Student Chapter of the American Society of Civil Engineers

DEAN LAPHAM SPEAKS

Officers of Society Deliver Addresses of Welcome to Twenty-five New Members

The necessity for accuracy in engineering work was the keynote of Dean Lapham's address to the George Washington University Student Chapter of the American Society of Civil Engineers, which held its first meeting of the year in the Law School Lounge last Friday, October 5.

Dean Lapham spoke of the difference between the engineering profession and other professions on the amount of accuracy involved to become a success in the profession. "In almost every other profession, a man who has a batting average of over fifty per cent of successes in relation to failures, is considered a success. But an engineer can never make a mistake. For instance, if an engineer building a dam miscalculates, the dam bursts, and thousands of lives are endangered. The engineer is disgraced for life."

Dean Lapham spoke further on the necessity of engineers to make themselves acceptable to other groups than engineers. Socially, engineers tend to "talk shop" to the extent of boring anyone not interested in engineering. Consequently the engineering profession suffers from want of proper publicity.

The officers of the society, H. R. Schofer, J. P. Wildman, J. T. Lokegson, and C. V. Bryans, each gave welcoming talks to the new members, and freshmen. Twenty-five members signed up for the year. W. B. Clapham, last year's president of the society, spoke of the plans of the Engineering Society to establish a club-room for engineers similar to the lounge in the Law School.

The Engineering Society has meetings once every month, at which a well known engineer speaks on a subject of engineering interest, and movies illustrating the subject are shown. Following this there is an open forum for student discussion. All students interested in any engineering work are cordially invited to attend these meetings.

AL SMITH IS DEFEATED AT COLUMBIAN MEETING

(Continued from page 1.)

"A man for the presidency should be one more than a practical politician," said Frisbie. "There are world problems to be solved by a statesman."

When he said, concerning the prosperity of the country: "There can be no pleasure in this world without a sound economic foundation," the Hooverites, especially the women, gave him a loud applause.

Jackson Speaks

John F. Jackson, Columbian's most sarcastic debater, was at his best Friday night. He said he would rather be branded renegade to his party than to see a good man, like Al Smith, much maligned.

"Can it be that only a Republican can preside over the White House breakfast table?" asked Jackson in sarcastic vein. "Can it be that only Republican fingers are trusted to touch the White House silverware?"

Jackson branded many Republican leaders with terrible names. He made upon the audience the impression that the whole Republican party was corrupt. And he gave names fearlessly. He was also extravagant in his praises of "the foremost American today," Al Smith.

Three-minute speeches from the floor were made by Fred Jarrett, D. L. Hatch, Thomas Bentley, Bryant Z. McLeary, Hearn Duncan, James G. Wingo, and Hoy Harper.

The society will have their next debate on Friday, October 12, in Corcoran Hall 15. The subject will be: "Resolved, That modern presidential election is an unjustifiable waste of energy." The debaters will be Hearn Duncan and George E. Weigle for the affirmative side, and C. T. Shaner and Andrew Howard for the negative.

Father and Son

A 41-year old father and his 17 year old son have together entered St. John's College at Annapolis.

G. W. STUDENT OF LAW RECEIVES APPOINTMENT

Appointment of Robert E. McLaughlin, a student of George Washington University Law School, as a clerk in the district attorney's office, was announced last week by District Attorney Rover.

McLaughlin is a native of Indiana and prior to entering the local law school, attended the United States

Naval Academy at Annapolis, Md., for two years, but resigned voluntarily to study law. He is a member of the Masonic Fraternity.

Pipe Convert Ends Agonizing Tobacco Hunt

Larus & Bro. Co.
Richmond, Va.
Gentlemen:

I started smoking on cigarettes, but after meeting a young lady for whom men who smoked pipes had a greater charm, I promptly switched to one.

Then my agony began. I tried one brand of tobacco after another, always working on the theory that the more you paid for tobacco, the better it would be.

I tried imported special mixtures. I paid as much as fifty cents an ounce. All to no avail.

Then came the day I tried Edgeworth. It was at a ball game. I had run short of the certain brand I was smoking, and a casual acquaintance offered me a pipeful from his pouch.

Imagine my delight when after the first few puffs I did not feel the old familiar bite. I puffed on, inhaling the delightful aroma, and oh, boy! It was sweet right down to the bottom.

Nothing has separated me from my pipe, or my pipe from Edgeworth, since then.

Yours very truly,

(signed) David Freedman, Jr.

G. & C. MERRIAM CO.

Springfield, Mass.

FIRST MEETING OF COLUMBIAN WOMEN OCT. 2

Mrs. Oscar Hunter, Wife of
President of Alumni Asso-
ciation, Guest of Honor

MRS. WILEY OPENS SESSION

New Columbian Women Room Lo-
cated on Fourth Floor of Admin-
istration Building

The Columbian Women of The George Washington University held their first meeting of the year on Tuesday afternoon in Corcoran Hall. The meeting was preceded by a social hour. Mrs. Oscar Benwood Hunter, wife of the President of the Alumni Association of the University being the guest of honor, and the wives of members of the faculty of the School of Medicine acting as hostesses. Mrs. Huron Willis Lawson, wife of Dr. Lawson, gave a program of songs. She was accompanied by Mrs. Elizabeth Gardner Coombs.

Mrs. Harvey W. Wiley, the President, opened the meeting with a greeting to the members and expressed the hope that the coming year might be the most fruitful in the history of the organization. She announced that through the courtesy of Dr. Floyd Heck Marvin, President of the University, Columbian Women was now possessed of a headquarters at the University. The new Columbian Women room is located on the fourth floor of the Administration Building. Here the business of the organization will be transacted and the archives and reports will be given a permanent lodging.

Silhouette Presented

Miss Lucille Warfield Wilkinson presented to the organization a copy of a silhouette of Luther Rice, founder of Columbian College. The silhouette will be placed in the new headquarters.

Mrs. Joshua Evans, Jr., who for ten years has acted as chairman of the Scholarship Committee which administers the five Columbian Women scholarships, gave her report of the work of the Committee and then announced her resignation. She said that it had been a great privilege to serve in this capacity, but that because of her appointment to the Executive Committee of the Board of Trustees of the University, she felt she should relinquish the honor of the scholarship chairmanship to the hands of another. Mrs. Evans was given a rising vote of thanks by the membership for the splendid service she has rendered in this capacity.

Miss Peet Appointed

Mrs. Wiley announced the appointment of Miss Elizabeth Peet, Dean of Women at Gallaudet College, to succeed Mrs. Evans as chairman of the Scholarship Committee.

Columbian Women is proud of the fact that both the retiring chairman and the new chairman have the distinction of being among the few Washington women who are listed in the new edition of "Who's Who."

The following new members were elected to membership in the organization: Miss Estelle P. Wild, Dr. Grace Purse, Miss Winifred Williams, Miss A. G. Getty, Mrs. H. Arnold, H. McNitt, Mrs. Homer G. Fuller, Mrs. James E. Johnston.

Tryouts Successful In Girls' Glee Club

Tryouts for parts in the Girl's Glee Club were held Monday, October 1, in Corcoran Hall 1. About 35 candidates appeared and had their voices tested. Many good voices, including several that showed real training, were found in the course of the tryouts.

The Girls' Glee Club announces the inability of Miss Estelle Wentworth to return this year as director. Miss Wentworth has given much time and effort to the concert work and routine practice of the club, and has always been keenly interested in, and enthusiastic about, its program.

Mr. Harmon of the Men's Glee Club has consented to direct its activities during the season 1928-29. He gave a very interesting talk on his plans for the concerts which the Club will give this season. Rehearsals will be held twice each week, Monday and Saturday, at 1 o'clock.

STUDENTS ARE ASKED TO LIST INFORMATION

In an effort to obtain the correct address and telephone number of each student in the University, H. G. Sutton, registrar, has issued a request that all students list in that office this information. Many students have made a change in their residence since registration and it is only with difficulty that the University Officials are able to get in touch with them, Sutton pointed out.

The advantage of being correctly listed with the registrar is equally divided between the students and the officials, many inquiries coming to the office from friends who wish to locate certain students, according to the Registrar. Throughout the year it is also requested each change that is made should be correctly recorded as quickly as possible to avoid delay.

FRESHMAN MOTHERS' DAY HELD YESTERDAY

Meetings Held in Morning and After-
noon; Lunch Served in Corcoran
Hall at One for Mothers

The second annual Freshman Mothers' Day program was held yesterday, when mothers of all freshmen women were invited to attend as the guests of the University.

The mothers were registered in the corridor of Corcoran Hall from 9 to 11 a. m. and immediately thereafter those interested visited classes in freshmen subjects. A greeting by Louise DuBose, Chairman of the Women's Advisory Council, opened the meeting in Corcoran Hall at 11 o'clock. President Marvin welcomed the mothers on behalf of the University and Mrs. Evans brought a message from the Board of Trustees. Dr. Katherine Chapman spoke on "Health Administration," and Mrs. Russell talked on "Physical Education for Women."

Luncheon was served at 1 o'clock in Corcoran Hall with the mothers and members of the faculty as guests. Dr. Wilbur and Dean Rose were the principal speakers at the 2 o'clock meeting which was also held in Corcoran Hall; Dr. Wilbur spoke on the educational demands and needs of the college women of today and Dean Rose discussed the social. Miss Evelyn Jones talked on the occupational demands on the modern students. Two students talked on the activities for the freshmen women at George Washington, and the honor societies. After this meeting the mothers were divided into groups and taken on a sightseeing tour of the University.

37 INSTRUCTORS GIVEN HONORARY PLACEMENT

American Men of Science Lists Thirty-
Seven Faculty Members in 1927
Edition

The 37 George Washington University professors who are included in the fourth edition of the American Men of Science are: Paul Bartsch, Ray Smith Bassler, Harry Saul Berton, Thomas Benjamin Brown, Walter Lynn Cheney, Louis Cohen, William Webster Diehl, Frederick Eugene Fowle, Jr., Walter Freeman, Owen Bert French, James Howard Gore, Robert Flishe Griggs, Thomas Allen Groover, Roscoe Willis Hall, Elmer Adna Harrington, Edwin Allston Hill, Howard Lincoln Hodgkins, Oscar Benwood Hunter, George Bain Jenkins, Carl Clarence Kless, Nolan Don Charpentier Lewis, Hiram Colner McNeil, George Perkins Merrill, Truman Michelson, Charles Edward Munroe, Charles Halcomb Papenae, Charles Elmer Resser, Charles Williamson Richardson, Joseph Hiram Roe, George Byron Rath, William Carl Ruediger, Daniel Kerfoot Shute, Charles Augustus Simpson, Edgar Reynolds Smith, Charles Edwin Van Orstrand, Henry Theodore Wensel and William Alanson White.

Herbert Hoover Holds G. W. Honorary Degree

Degree Given for Republican Can-
didate's Monumental Relief Work
in Belgium

In 1920, Herbert Hoover, present Republican Nominee for President received an honorary degree of Doctor of Laws from George Washington University.

The degree was given for his monumental relief work as Commissioner for Relief in Belgium from 1914 to 1919, and as Food Administrator of the United States from 1917 to 1919. The citation given by President Collier who presented the degree was: "As Chairman of the Committee for Relief in Belgium, he saved a People from starvation; as Food Administrator of the United States, he powerfully allied Nations to win a War that preserved the World for Civilization."

At the same convocation honorary degrees were presented to Vincent Belasco Ibenex, author of *The Four Horsemen of the Apocalypse*, to Franklin McVeagh, Ex-Secretary of the Treasury, to William M. Calder, Senator from New York, and to William Miller Collier, who was at that time President of George Washington.

BARTSCH SHOWS BIG COLLECTION OF MOLLUSKS

Zoology Professor Displays Over
200,000 Specimens, Hundreds
Being New Types

FINDINGS ARE RESULT OF SUMMER IN CUBA

G. W. Doctor Now Busily Engaged
In Classifying Specimens And
In Preparing Manuscript

Dr. Paul Bartsch, Professor of Zoology, displays as the result of his summer in Cuba, working under the National Museum, a collection of over 200,000 specimens of mollusks, hundreds of them new types. He covered Cuba from end to end in this work. His aim was threefold—to get material from "type localities," to visit localities not previously studied, and to study heretofore from his findings.

By "type locality" is meant that place where a specimen was first found and named. The importance of this work lies in finding the true and original meaning of the name of the species. Following the routes of the first naturalists in Cuba, Dr. Bartsch collected all but one of the thirty or forty species which they had originally found there, comparing these specimens with the originals so that there would be no question of the present name.

He also visited many new localities, places where the mountains have been eaten away by the passage of time, leaving outcrops of limestone from the size of a large case to that of a mountain, and isolated by stretches of plain. The mollusks are confined to these limestone areas, for they cannot survive elsewhere.

This isolation and segregation have produced new forms, all developing from the same originals but differing in the various outcroppings, thus giving excellent opportunity for the study of hereditary changes when a species develop individual characteristics.

His work in Cuba was to Dr. Bartsch much like a visit to a shrine. He worked in all the localities, and even some of the houses, of the pioneers of Cuban science. At Fundidor, in 1839, Dr. Pfeiffer, Dr. Gundlach and Dr. Otto first studied Cuban mollusks. Pfeiffer was the greatest mollusk student of his day, and Dr. Gundlach, who might be called the father of Cuban natural history, spent the greater part of his life there.

In addition to collecting the mollusks, Dr. Bartsch kept careful account of his daily work, and wrote descriptions of all species of the mollusks as they lived in their shells, so that the knowledge of these types might not be limited, in the future, to the study of their shells.

Dr. Bartsch is now engaged in classifying the thousands of specimens he has gathered, and in assembling his material and manuscript.

NEWMAN CLUB HOLDS ORGANIZATION MEETING

Plan Halloween Dance For End
of October; Committees
Appointed

All attendance records of the Newman Club were broken at the opening meeting of the Club held in Corcoran Hall, October 4. The large audience was addressed by the Chaplain, the Rev. Dr. John K. Cartwright, who explained the aims and purposes of the Club to the new members.

Plans were also discussed for the annual Halloween Dance which will be held the latter part of October. The following committee was appointed by President Nash Knapp to formulate plans for the dance: Jose Espinosa, chairman, Larry Gage, Marie Collins, Walter Delaney, Mary Connolly, Agnes O'Brien and Robert Smith.

A program committee was also appointed to arrange a series of lectures and open fora, to which all the students of the University will be invited. The following comprise this committee: Joe O'Connor, Louise McGuire, Robert E. Hodson, Rose Savage and Katherine Kirk.

A definite program of social activities is being prepared by the following members of the social committee: Mary Mattingly, Francis X. Richardson, Katherine Bergin, Arnold Scott, James Hoffman, and John Ratton.

Announcement was also made that recognition of the G. W. Newman Club by the National Federation of College Catholic Clubs would be effected within a short time.

The next meeting of the Club will be held in Corcoran Hall, Room 29, on Thursday, October 18, at 8:15 p. m. The speaker and his topic will be announced later. All Catholic students of the University are invited to attend.

"POTENTIAL CARUSOES" WARBLE AT TRYOUTS

Over forty potential Carusoes, on Thursday evening, October 4, tried for a place in the G. W. U. Glee Club. Twenty-five veterans of last year's club also reported and will form a nucleus for the new talent to build on, thus assuring, according to Director Harmon, a bigger and better Glee Club.

Any student who was unable to attend the try-out Thursday, will be welcomed at any of the regular meetings, which are held every Tuesday and Thursday evenings at seven o'clock, in Corcoran Hall 1.

LOST

Lost, somewhere on the campus an Alpha Kappa Psi pin. Will the finder kindly return same to Luis Roberts, Sigma Phi Epsilon House.

LUTHER RICE

FOUNDER'S PORTRAIT GIVEN TO UNIVERSITY

Columbian Women Present Silhouette
of Luther Rice, Columbian Col-
umbian College Founder

A copy of a silhouette of Luther Rice, founder of Columbian College, was presented to the Columbian Women of George Washington University at their first meeting of the year on Tuesday, October 2, in Corcoran Hall 1. The silhouette is a valuable addition to the memorabilia of the University.

No photograph of Rice seems to have been preserved, but this silhouette is said to be an excellent likeness. It was cut by Mrs. Emily H. Goulding, nee Redd, daughter of Mr. Samuel Redd of Cedar Vale, Caroline County, Virginia, the resting place or temporary home for many a Baptist preacher in the long ago. The silhouette was cut some time prior to 1830.

Mr. Rice, in his effort to raise money for Columbian College was compelled to take long journeys through some of the states. When his work would bring him to Virginia, he frequently would stay at Cedar Vale.

Never Married

Mr. Rice died a bachelor. It was said at one time he had some notion of going to see a rich widow in King and Queen County, but that if he did he would stand little chance, as she would be afraid of having all of her money given to the college.

The original of the silhouette belongs to the Virginia Baptist Historical Society of the University of Richmond.

The copy of the silhouette was presented to the Columbian Women of The George Washington University by Miss Lucille Warfield Wilkinson, sister of Mrs. Howard Lincoln Hodgkins, wife of the Dean of the University. It will be placed in the new headquarters of The Columbian Women, on the fourth floor of the Administration Building.

COLONIAL WIG WANTS SHORT CONTRIBUTIONS

"Stray Locks" Department Offers
Prize For "What G. W. Needs
Most"

Announcement of the first of a series of contests in the Stray Locks Department of the Colonial Wig has been made by Wanda Webb, editor. To the sender of the best answer to "What George Washington University Needs Most" a prize of \$2.50 will be awarded by the Wig staff. Limited to twenty words, sentences should be submitted at Mr. Bement's office, Building 6, Room 31, or to Mary Lewis Beard, who is conducting the contest. The closing date is set for October 26.

Whether the comment on what G. W. needs most is a personal opinion, one overheard on the campus or one solicited from the campus population, including succinct observations by any of the professors or instructors, the Wig does not care.

Names of the author of the statement and the person handing it in should be given, although except in the case of the prize winner and honorably mentioned names may not be printed.

Towards the end of last year the magazine drew interest with a competition for brief character sketches of professors. Student reaction then decided the staff to continue the contests in the Stray Locks section of the magazine, which aims to become the mouthpiece of the campus.

Informative posters are to be placed on the bulletin boards.

FRESHMAN ASSEMBLIES FOR GIRLS COMPULSORY

Julia Denning and Winnie Beall, upper-classmen, talked to the freshmen women at the regular assembly held last Wednesday in Corcoran Hall. Julia Denning explained the Panhellenic Rushing rules, and Winnie Beall, talked of the purpose of the "Y" and urged all the new women to join.

Freshman Assemblies are held every Wednesday at 12:05 in Corcoran Hall 1, and all freshmen attendance is compulsory for all freshmen women.

DEBATE TRYOUTS HELD

Try-outs for the Men's Debating squad were held in Corcoran Hall last Friday evening. Messrs. Jackson, Duncan, Howard and Keough were chosen for this year's debating team. Dr. Gilbert Hall, Dr. George L. Farnham, and Mr. C. Walter Young acted as judges.

Cues, Curtain Calls and Clinches

By STAGE DOOR JOHNNY

BELASCO

The Budapest first-night audience of "Olympia" was provided with a surprise that certainly would go unnoticed by the usual blasé theatergoer in America. The distinguished audience arriving at the Hungarian Theater, was thrilled by the vision of a huge electric sign—a sight totally unfamiliar in Budapest—which represented an enormous head of Olympia in electric lights, topped by seven great electric letters spelling OLYMPIA. This was a sensation and the news quickly traveled that our white lights had not been lost on Molnar, who had planned the whole affair. This startling American innovation was his way of bringing a bit of Broadway to Budapest.

COLUMBIA

Joan Crawford contributes a genuinely fine bit of interpretive effort to the visualization of the "good fellow" who gives a totally wrong notion of her true self, and finds able support in the well-judged performances of Dorothy Sebastian and Anita Page. The male roles of prime importance are excellently played by Nils Asther, who marries the girl with a past, Johnny Mack Brown, innocently taken in by the unsullied posturing of "little Annikins," and Eddie Nugent, utility man in the love making. The elders are adequately impersonated by Dorothy Cumming, Huntly Gordon Sam De Grasse and Kathlyn Williams.

An unusually clever accompaniment of popular hits has been scrupulously synchronized for the Movie-tone and other sounds are from time to time introduced. Dialogue is omitted.

Supplementing the feature are Movie-tone short subjects presenting Marion Harris in a group of her most captivating croonings, and Leo Beers, the whistling pianologue artist, who repeats his familiar vaudeville act featuring "Anabella" and "In the Usual Way," two songs with eyebrow-raising lyrics.

The bill is completed by the Movie-tone News, a Tiffany natural color subject, "Gold," and a thematic prelude by the orchestra and an unnamed barytone. Try and get in!

EARLE

"THE WEDDING MARCH," Erich von Stroheim author, director and star. Sound picture.

The story, is the simple tale of a prince's love for an obscure tradesman's daughter—or perhaps her love for him would state it better—and his father's curt command that he marry the crippled heiress to the vast fortune of a corn plaster manufacturer. There is, of course, the blood-thirsty rival of the royal suitor for the hand of Mitzi, to supply the essential touch of conflict to insure the plot suspense, and a gaudy background of glittering debauchery to lend its vivid contrast to the majestic spectacle of Corpus Christi day in Vienna before the war. A brief newsreel is the only auxiliary of a noteworthy feature.

FOX

The Edna Ferber story of "Mother Knows Best," traces the career of a talented child whose mother undertook to shape her destiny without regard to any considerations of romance, love, motherhood or any of the other natural inclinations of normal womanhood, and in so doing all but caused her death from a broken heart. The action leads from a small town to New York, thence to France during the World War and finally back to Broadway and a hollow triumph with love barred out. The tale is instinct with drama and is unfolded with fine fidelity, great variety of scene and mood and painstaking characterization.

The subsidiary attractions embrace Rubino, the violinist, who first plays an intricate composition of his own and then by imitation makes it clear that the "Hallelujah" number from Strauss' "Blue Danube" waltz, and Laura Hoffman, blessed with a flamboyant soprano well displayed in "Je Vous Aime" and the "Italian Street Song" from Herbert's "Naughty Marietta." The Fox Movie-tone News and overture "Echoes from the Metropolitan Opera" complete a program that the judicious will not ignore.

KEITH

In "Tenth Avenue" the plot is laid, appropriately, in "Hell's Kitchen."

METROPOLITAN

"THE SINGING FOOL," Warner Bros. production, with sound, dialogue, and songs, starring Al Joison and directed by Lloyd Bacon.

The technical side of this production by Warner Brothers is excellently managed; the direction is so smooth and delicate in its touch that it is never apparent; the settings, while often gorgeous, are not obtrusive, and the Vitaphone reproductions of the singing and dialogues are eminently satisfactory. The well-chosen supporting cast includes little David Lee, Betty Bronson, Josephine Dunn, Arthur Housman and Edward Martin, and it should be added that, in the opinion of this reviewer, Miss Bronson has the best feminine screen voice yet heard.

The story concerns the life of a "singing fool," Al Stone, who starts his career as a waiter in a honky-tonk and is rapidly elevated because of his ability as a writer and singer of songs. As the adoring father of a little son, Al finds joy and inspiration, but Molly, his wife, is unfaithful and leaves him, taking little "Sonny Boy" with her. Broken hearted, Al gives up his work and sinks almost to the gutter. From this condition he is rescued by friends of his waiter days, including Grace, a cigarette girl. Through her loyalty and for the sake of his little boy, he rehabilitates himself and soon reaches new heights as a Broadway star.

An international newsreel serves as an interlude between the showings of the feature picture.

NATIONAL

To paraphrase an outstanding slogan, it might be put this way: When better aviation pictures are made the makers of "Wings," now on exhibition at the National, will make 'em.

Undoubtedly there have been better pictures than "Wings"—that is, so far as ordinary subjects are concerned; but "Wings," itself, is not concerned with an ordinary subject. Aviation is its theme, its background, its all impulsive movement; and aviation calls for flying. Hence, "Wings" just had to be out of the ordinary if it would keep its head above the clouds. It does, and in masterful fashion. In fact, it is certainly no misstatement of fact to say that this is the epic of aviation.

PALACE

"The Cameraman," Released by Metro-Goldwyn-Mayer and directed by Edward Sedgwick, with Buster Keaton starred.

Mr. Apollon in Houseboat gives a demonstration of skillful musicianship by making a piano and mandolin work at the same time, and then Wesley Eddy returns to please the home folks with a song a la Eddy and to assume the baton for the grand finale.

The spectacle of Buster Keaton's breaking into the camera game takes place immediately thereafter. Previous pictures have given a hint of the dangers besetting the brave men who give us the newsreels, but only after seeing "The Cameraman" can one appreciate their perils to the full.

The numerous auxiliaries include an orchestral overture, "Merry Makers Dance," under the direction of Harry Borjes, and an organologue, with Charles Gage at the console.

Classes Dismissed

Classes were dismissed at Oshkosh State Teachers' College at Oshkosh, Wisconsin, so students could aid in the search for the missing wife of the music instructor.
